Hexalen® (Altretamine )

Platinum based chemotherapy are the treatments of choice for ovarian cancer. Hexalan® use is limited by dose related toxicities and should be limited to patients who are not candidates or have not responded to standard platinum based regimens.

You can make an expedited request by indicating this at the top of the attached form. If you request an expedited review, and sign the attached form, you certify that applying the 72 hour standard review time frame may seriously jeopardize the life or health of the member or the member's ability to regain maximum function.
