Re: Inhalation Solutions: Prior Authorization Request Form: Please respond.

---

- Please complete the attached Inhalation Solutions Prior Authorization Request Form
- To expedite the review process please complete all requested fields.
- Completed forms should be faxed to: 1-866-868-0858. It is not necessary to fax this cover page.

**Please note:** By signing the attached form you are certifying that the treatment requested is medically necessary. No contraindications are present and precautions have been considered. You will be supervising the patient's treatment. Supporting documentation is available in the patient's record. Signature on this form attests to the fact that the corresponding ICD-9 code has been documented in the patients chart and submitted on a CMS- 1500 form.

### Information about this drug

#### Inhalation Solutions

Inhalation solutions are covered under the Medicare Part B DME benefit when used as a supply with a nebulizer in the home. Coverage of inhalation solutions under Part D is limited to certain long-term care facilities.

Long-term care facilities include: Hospital or skilled nursing facility bed who does not have part A coverage, whose part A coverage has run out or whose stay is not covered OR; a nursing home that is dually-certified as both a Medicare SNF and a Medicaid SNF; OR a Medicaid-only NF that primarily furnishes skilled care; OR a non-participating nursing home (i.e., neither Medicare or Medicaid) that provides primarily skilled care; OR an institution which has a distinct part SNF which also primarily furnishes skilled care.

Medicare Part B will cover inhalation solutions when administered at home OR in an assisted living facility, OR an intermediate care facility for the Mentally Retarded (ICF/MR).

Formulary alternatives to Duoneb includes albuterol and ipratropium inhalation solution, its individual components.

You can make an expedited request by indicating this at the top of the attached form. If you request an expedited review, and sign the attached form, you certify that applying the 72 hour standard review time frame may seriously jeopardize the life or health of the member or the member's ability to regain maximum function.

**Information on the attached form is protected health information and subject to all privacy and security regulations under HIPAA.**

### Information for Requested Drug

Strength: \_\_\_\_\_ Dosage form: \_\_\_\_\_ Qty per 30 days: \_\_\_\_\_ Drug is (circle one): Newly prescribed/Refill  
Directions: \_\_\_\_\_ Diagnosis: \_\_\_\_\_ ICD-9 Code: \_\_\_\_\_

Standard Reviews will be completed in under 72 hours. An expedited review is available if you certify that a standard review timeframe will seriously jeopardize the health of your patient. To request an expedited review, simply indicate this at the top of this page.

### Inhalation Solutions Criteria

- Indicate the formulary inhalation solution requested (select ONE only; complete additional form(s) if multiple solutions requested)
  - albuterol (generic Proventil®)
  - albuterol (generic AccuNeb®)
  - ipratropium bromide (generic Atrovent®)
  - cromolyn sodium (generic Intal®)
  - acetylcysteine (generic Mucomyst®)
  - Performist®
  - Brovana®
- Indicate the non-formulary inhalation solution (for PDP plans) requested (select ONE only; complete additional form(s) if multiple solutions requested)
  - Accuneb
  - ipratropium and albuterol
  - DuoNeb®
  - tobramycin (TOBI®)
  - levalbuterol (Xopenex®)
  - metaproterenol (generic Alupent®)
  - pentamidine (Nebupent®)
- Indicate route of administration:
  - Inhalation via nebulizer
  - Oral
  - Other route (specify) \_\_\_\_\_
- Please indicate the patient's diagnosis. Select or specify the correct ICD-9 code. This question must be completed.
  - asthma (ICD-9: 493)
  - COPD (chronic bronchitis ICD-9: 490-491; chronic airway obstruction ICD-9: 496; bronchiectasis ICD-9: 494; hypersensitivity pneumonitis ICD-9: 495; emphysema ICD-9: 492)
  - mucolytic
  - cystic fibrosis (ICD-9: 277)
  - PCP (ICD-9: 136.3)
  - Other (diagnosis and ICD-9) \_\_\_\_\_
- Indicate where the patient resides:
  - Long term care resident
  - At home OR An assisted living facility OR An intermediate care facility for the mentally retarded (ICF/MR)
  - None of the above; please specify location: \_\_\_\_\_
- If Brovana is requested, has the patient failed a trial of Performist first?
  - Yes  No
- If Xopenex inhalation soln is requested has the patient failed a trial of albuterol inhalation solution first?
