Re: Pegasys® (Peginterferon Alpha 2-a injection): Prior Authorization Request Form: Please respond.

- Please complete the attached Pegasys® (Peginterferon Alpha 2-a injection) Prior Authorization Request Form
- To expedite the review process please complete all requested fields.
- Completed forms should be faxed to: 1-866-868-0858. It is not necessary to fax this cover page.

Please note: By signing the attached form you are certifying that the treatment requested is medically necessary. No contraindications are present and precautions have been considered. You will be supervising the patient's treatment. Supporting documentation is available in the patient's record. Signature on this form attests to the fact that the corresponding ICD-9 code has been documented in the patients chart and submitted on a CMS- 1500 form.

Information about this drug

Pegasys®(Peginterferon Alpha 2-a injection)

Alpha interferons, including Pegasys®, may cause or aggravate fatal or life-threatening neuropsychiatric, autoimmune, ischemic, and infectious disorders. Patients should be monitored closely with periodic clinical and laboratory evaluations. Pegasys® should be used cautiously in patients with a CrCl < 50ml/min, baseline neutrophil counts < 1500cells/mm³, with baseline platelet counts < 90,000cells/mm³ or baseline hemoglobin < 10 g/dL.

You can make an expedited request by indicating this at the top of the attached form. If you request an expedited review, and sign the attached form, you certify that applying the 72 hour standard review time frame may seriously jeopardize the life or health of the member or the member's ability to regain maximum function.

Information on the attached form is protected health information and subject to all privacy and security regulations under HIPAA.
