Information about this drug

Revatio® (sildenafil)

Revatio is recommended in patients with idiopathic pulmonary arterial hypertension (IPAH, formerly called primary pulmonary hypertension), familial PAH, and PAH due to diseases that localize to small pulmonary muscular arteriole.

Revatio is excluded from Medicare Part D coverage if used off-label in the treatment of erectile dysfunction.

You can make an expedited request by indicating this at the top of the attached form. If you request an expedited review, and sign the attached form, you certify that applying the 72 hour standard review time frame may seriously jeopardize the life or health of the member or the member's ability to regain maximum function.

Information on the attached form is protected health information and subject to all privacy and security regulations under HIPAA.
